Rep. Barbara Lee (D-CA-13): Brent Maier followed up with the Congresswoman's District Director, Joshua Quigley's, inquiry from Friday, October 28th asking whether EPA had any update regarding the MARAD/Alameda dredging application and whether a decision was made on their updated proposal. After consulting with Water Division's Brian Ross, Brent shared an e-mail and attachment from Jaclyn Gnusti, with Anchor QEA, LLC who is the City of Alameda's consulting team and let that Joshua know that 1) Nothing has been finally approved or denied at this point; 2) The Management Committee members will be happy to meet with Alameda and MARAD as requested, and setting up such a meeting will be the LTMS agencies' next step; and 3) They may want to touch bases with BCDC for more detailed information about the LTMS agencies' concerns. Brent offered to set up a follow up call should their office have any questions on this update.

Congressional Outreach on Permit to Reduce San Diego Wastewater Discharges to the Ocean: Brent Maier shared today's press release with Congressional staff in the offices of Senators Barbara Boxer and Dianne Feinstein and Representatives Darrell Issa, Duncan Hunter, Jr., Juan Vargas, Scott Peters, and Susan Davis announcing that U.S. EPA and the San Diego Regional Water Quality Control Board proposed a City of San Diego wastewater discharge permit to increase ocean water quality protection and water reuse.
